

Revised December 2023

General

This CIBC Bank USA NetBanking Services Agreement (“Agreement”) governs your access and use of CIBC Bank USA NetBanking Services (“NetBanking Services”), including online banking access, transfer, and payment services. You may use NetBanking Services to access your accounts held at CIBC Bank USA (“Bank”) and conduct certain other banking transactions at the Bank. In addition to this Agreement, you agree to be bound by and comply with other written requirements that we may furnish to you in connection with NetBanking Services and any other services and content that may be accessed via NetBanking Services including, but not limited to, your agreements covering your accounts with the Bank (“Account Agreement(s)”), and with all applicable laws, regulations and rules (“Applicable Law”). If there is a conflict between the terms of this Agreement and any of your Account Agreements with the Bank, the terms of your Account Agreement will control, except as otherwise stated in this Agreement. Please review your Account Agreements, which contain important legal terms and conditions and disclosures about Electronic Funds Transfers and Funds Availability, as well as other important matters. All dollar amounts are stated in U.S. Dollars.

In order to use NetBanking Services, you must also agree to the CIBC Bank USA Electronic Disclosure and Consent Agreement (“Electronic Consent Agreement”), which allows the Bank to provide certain information electronically and includes software and hardware requirements necessary in order for you to access the electronic documents. As provided in the Electronic Consent Agreement, withdrawing your consent to receive communications electronically terminates this Agreement and your access to NetBanking Services.

Agreement

When you use or access, or permit any other person or entity to use or access, NetBanking Services, you agree to the terms and conditions in this Agreement.

We may amend or change this Agreement (including applicable fees and service charges) at any time, in our sole discretion, by sending you written notice by electronic mail, by regular U.S. mail, or by posting the updated terms on the NetBanking Services web site. Please access and review this Agreement regularly. If this Agreement is unacceptable to you at any time, please discontinue your use of NetBanking Services. Your use of NetBanking Services after we have made any changes or amendments available constitutes your agreement to the change and to pay any applicable fees.

We may also revise, add new features to, or update NetBanking Services at any time. We reserve the right to terminate your use of prior versions of NetBanking Services and to limit access to more recent revisions and updates. We also reserve the right to suspend your use of NetBanking Services after twelve months of inactivity. If any expanded services are made available to you via NetBanking Services, you agree that any additional or modified services are also subject to this Agreement, as it may be amended.

NetBanking Services provide you online access to a variety of content, products and services through a designated web site and designated mobile devices. We grant you a nonexclusive, limited, and revocable right to access and use NetBanking Services for your personal purposes only. You agree not to use NetBanking Services for any other purpose, including commercial

purposes, such as co-branding, framing, linking, or reselling any portion of NetBanking Services without our prior written consent. You agree to use NetBanking Services solely as provided in this Agreement. When any Transfer (defined below), Payment (defined below), or any other transaction generates Items to be charged to your account, you agree that we may debit any of your accounts without requiring the signature of an authorized signer for the account. Additionally, if you transmit Instructions (defined below) to us using NetBanking Services, you authorize us to accept, at our discretion, your electronic request as though it was made in writing and signed by you.

Additionally, you are responsible for obtaining Internet services via the Internet service provider of your choice, for any and all fees imposed by such Internet service provider and any associated communications service provider charges. You acknowledge that there are certain security, corruption, transmission error, and access availability risks associated with using open networks such as the Internet and you hereby expressly assume such risks, including, but not limited to those we may disclose in our educational materials. To the extent permitted by law, you assume all liability for use of your User ID, Password, and Security Information.

Additionally, business clients are solely responsible for changing User IDs, Passwords, and Security Information upon termination of an employee’s employment.

Text Messages and Alerts

You may request and receive text (SMS) messages about your accounts through a mobile device ("Text Messages") in connection with NetBanking Services. (Text Messages are only available for U.S.-based mobile telephone numbers.) By entering a telephone number for your mobile device when enrolling in online services through NetBanking Services, including in the Manage Alerts functionality within the NetBanking Services web site, authentication for login and other services, and other text messaging services, you are requesting text messaging services ("Text Messaging Services") and agree to the following terms of use:

1. **Mobile Device Numbers.** You must enroll each mobile device separately in our Text Messaging Services to receive Text Messages on that mobile device. Permitted mobile devices ("Mobile Devices") include smartphones, cell phones, or tablet computers that meet the requirements established by the Bank. Text Messages will be sent to the number for the Mobile Device that you provided to the Bank when you enrolled in the Text Messaging Services. You are responsible for informing the Bank of any changes to your Mobile Device number, which can be done in writing or by updating the number of your Mobile Device directly through NetBanking Services.
2. **Wireless Carrier Charges.** Your wireless carrier's standard messaging rates apply to all Text Messages, including your initial message, our confirmation, and all subsequent Text Messages correspondence. The Bank does not charge for any content; however, you may incur additional charges from your wireless carrier for downloadable content. Please contact your wireless carrier for information about your text messaging plan and fees. Those charges are billed by, and payable to, your wireless carrier. Your carrier may also impose message or charge limitations on your account.
3. **Authorized Use.** You represent that you are the owner or authorized user of the Mobile Device you use to enroll in the Text Messaging Services and to receive the Text Messages and that you are authorized to approve the applicable charges.
4. **Text Messaging Security.** Text Messages are not encrypted and are not a secure form of electronic communication. Text Messages may include specific information pertaining to your account, such as your account balance and transaction information. Your complete account number is not included in Text Messages to help protect your security. Please do not transmit account numbers or other sensitive information in Text Messages to us.
5. **Text Messaging Delivery and Limitations.** Your receipt of any Text Message may be delayed or prevented by factors outside of our control such as communication issues with your wireless telephone carrier or Internet service provider. We do not guarantee the delivery or the accuracy of the contents of any Text Message. The information in a Text Message may no longer be accurate when you receive it if there is other activity on your account or a delay in sending or receiving the Text Message. We are not liable for any losses or damages arising from (a) failed, delayed, or wrong delivery of any Text Message; (b) inaccurate content in a Text Message; or (c) your use or reliance on the contents of any Text Message. Text Messaging Services are provided on an "AS IS, AS AVAILABLE" basis.
6. **Text Messaging Data.** Data obtained from you in connection with the Text Messaging Services may include your mobile telephone number, your carrier's name, and the date, time and content of your Text Messages and other information that you may provide. We may use this information to contact you and to provide the services you request from us, and to otherwise operate, develop and improve the service. Your wireless carrier and other service providers may also collect data from your Text Messages usage, and their practices are governed by their own policies. We will only use the information you provide to transmit your Text Message or as otherwise

described in this Agreement. We reserve the right at any time to disclose any information as necessary to satisfy any law, regulation, or governmental request, to avoid liability, to protect our rights or property, or as permitted by law. When you complete forms online or otherwise provide information to us in connection with the Text Messaging Services, you agree to provide accurate and complete information.

7. **Proprietary Service.** Text Messaging Services and the content and materials received through the Text Messaging Services are proprietary to us and our licensors, and are for your personal, non-commercial use only. You will not damage, impair, interfere with or disrupt the Text Messaging Services or its functionality.
8. **Changes and Termination.** We reserve the right to revise charges and the terms and conditions of the Text Messaging Services from time to time. We may suspend or terminate Text Messaging Services to you if we believe you are in breach of our terms and conditions or at any time upon notice to you. Your use of the Text Messaging Services is also subject to termination if your wireless service terminates or lapses. We may discontinue your use of Text Messaging Services at any time. You can unsubscribe from the Text Messaging Services at any time by logging into NetBanking Services and going to Manage Alerts or by replying STOP to the text message. If you opt out of Text Messaging Services, alerts will be sent to your designated email address instead.

Account Access Services

Account information provided to you as part of the NetBanking Services is not the official record of your account or its activity. Your account statements furnished to you in paper format, or electronically if you are enrolled in our e-Statement service, remain the official record of your accounts.

Unless otherwise indicated, the balance information displayed through NetBanking Services is the current available funds balance for your account. Transaction history that you obtain through NetBanking Services is current as of the close of business on the preceding Business Day although some Items may be reflected in your transaction history on a “real-time” basis.

Except as otherwise provided in this Agreement, the provisions of your applicable Account Agreement apply to your use of the NetBanking Services to stop payment of a check.

Instructions to stop payment of checks must be initiated prior to 8:00 pm (Central Standard Time) on the Business Day you wish to have the payment of that check stopped. Instructions to stop payment of a check initiated after 8:00 pm (Central Standard Time) will typically be processed on the next Business Day.

It is possible that a check presented to the Bank for payment may be honored by the Bank even though you submitted Instructions earlier on that Business Day to the Bank through NetBanking Services to stop payment on a check. If you need to stop payment of a check on a timelier basis, please call 877-448-6500.

While we anticipate that most stop payments of checks will be processed in accordance with the time frames stated above, some stop payment requests may take longer to process due to circumstances beyond our control and in accordance with the provisions of this Agreement. We are not liable for the failure to stop payment of a check except as expressly provided in this Agreement or as otherwise required by law.

You may use personal financial management software (“PFMS”), such as Microsoft® Money, Quicken® or Quickbooks® to access account information, such as balance and transaction history through NetBanking Services. You agree not to use PFMS to perform transactions in connection with NetBanking Services. PFMS may only be used to download information from your accounts through NetBanking Services. Without limiting any other provisions in this Agreement, you agree that we have no liability or obligation related to your use of any PFMS and your use of PFMS is solely at your own risk. We make no representations regarding any PFMS. We do not grant any rights, licenses or permissions to use any PFMS. All rights, licenses or permissions to use PFMS must be obtained from the respective third party. Use of PFMS to perform transactions and connect directly to your accounts is governed by a separate agreement.

Transfer Services

You can use the Transfer Services to transmit Instructions to the Bank to transfer funds between your CIBC Bank USA Accounts that have common owners. You can also use the Transfer Services to transmit Instructions to the Bank to transfer funds from your accounts to External Accounts at U.S. banks.

For New Deposit Accounts, credits received from Automated Clearing House (ACH) debit transactions will be available on the eleventh Business Day after the date of deposit. For example, if you conduct an ACH debit transfer, the funds that are transferred from another financial institution to your Account at CIBC Bank USA will not be available until the eleventh Business Day after the date of deposit. When your Account is no longer considered a New Deposit Account, provided the Account is in Good Standing, the 10 Business Day hold on funds credited due to ACH debits will no longer apply and credits received from ACH debit transactions will be available on the third Business Day after the date of deposit.

Transfers may not be made to a business account from a personal account or to a personal account from a business account. The Bank may grant an exception to this rule for sole proprietorships, but prior approval from us must be obtained. To obtain this approval, please call 877-448-6500 or contact your relationship manager. Both the accounts that funds are transferred from, and accounts that funds are transferred to, must be eligible accounts. If your account was opened online, transfers from your account to an External Account are not permitted until after your account has been open for 30 days (this restriction does not apply to the CIBC Bank USA Smart Account). You are limited to designating a maximum of 20 External Accounts within NetBanking.

Transfers may be “immediate” (requested to occur on the same day Transfer Instructions are initiated) or “scheduled” (to occur on a future date) on a one-time or recurring basis. By initiating an immediate Transfer or by scheduling a Transfer, you are instructing us to withdraw funds from your account on a requested date and to transfer those funds to another of your accounts or External Accounts in accordance with your Instructions. Recurring Transfers are those made for the same dollar amount on the same date each month. Recurring Transfers cannot be scheduled more than 365 days in advance, unless the first scheduled Transfer is due within 365 days from the date it was originally scheduled. Transfers can be made from a demand deposit, money market, savings, or credit account. By providing the Bank with information pertaining to Transfers, you authorize us to follow the Instructions that we receive from you and to rely on the accuracy of all information that you provide us. It is your responsibility to update the information related to Transfers if there are any changes. All Transfers are subject to the terms and conditions of any applicable Account Agreement, including any applicable deposit account or credit agreement and the error resolution provisions within those agreements. Transfers to External Accounts may also be subject to any terms and conditions of the financial institution at which the External Accounts are held.

Immediate Transfers are typically processed on the same Business Day the Transfer Instructions are initiated, provided Instructions are sent prior to the Cutoff Time. Scheduled Transfers that are scheduled at least one day in advance of the Scheduled Transfer Date are typically processed on the same Business Day as the Scheduled Transfer Date. However, you understand that due to circumstances beyond our control and in accordance with the provisions of this Agreement, there may be a delay in the completion of the transaction. Transfers to an External Account are generally completed within 1-3 Business Days but may take longer in some circumstances. Transfers may be processed after the dates provided in this paragraph. We are not liable for any late Transfers except as expressly provided in this Agreement.

Bill Pay Services

You can use the Bill Pay Services to initiate a Payment to a Payee in the United States using funds from your deposit account. You may not use the Bill Pay Services to initiate tax-related payments, court-related payments, payments to Payees outside of the United States, or fines, gambling debts, or any other payments prohibited by law.

Bill Pay Payments can be scheduled on a one-time or recurring basis. By scheduling a Bill Pay Payment, you are instructing us to withdraw funds from your account on the Scheduled Payment Date to make a Bill Pay Payment in accordance with your Instructions. Recurring Payments are Bill Pay Payments made for the same dollar amount on the same date each month. Recurring Payments cannot be scheduled more than 365 days in advance, unless the first scheduled Payment is due within 365 days from the date it was originally scheduled. Bill Pay Payments can only be made from a demand deposit account or a money market account. If you use more than one account to make Bill Pay Payments, you must designate the account from which the Payment is to be made each time you schedule a Bill Pay Payment.

It remains at our sole discretion to determine the appropriate method for processing Bill Pay Payments to Payees; we may choose to make Bill Pay Payments electronically or by check.

You must select a Scheduled Payment Date and transmit your Bill Pay Payment Instructions to us at least five Business Days in advance of your Payment due date to help ensure the Bill Pay Payment is received by the Payee in a timely manner. While it is anticipated that most transactions will be processed and completed on the next Business Day after the Bill Pay Payment is scheduled to be made, you understand that due to circumstances beyond our control, including, but not limited to, delays in handling and posting payments by slow responding Payees or financial institutions, some transactions may take a day or even a few days longer to be credited to you by your Payee.

Zelle® services are available only through our mobile applications. Please refer to the CIBC Bank USA Mobile Banking End User Terms Agreement for the terms and conditions applicable to your use of Zelle® services.

Payments to Payees and Contacts

By providing the Bank with the names, account, and contact information of people or businesses to which you wish to make Payments (Payees and Contacts), you authorize us to follow the instructions that we receive from you and to rely on the accuracy of all information that you provide us. It is your responsibility to update the Payee, Contact, and other contact and account information, if there are any changes.

ACH Transfers and Payments

All ACH transfers will be made pursuant to Applicable Law, the terms of this Agreement and the rules of the National Automated Clearing House Association ("NACHA") and the applicable automated clearing house (collectively, the "Rules"). You agree to be bound by these Rules, as they may be modified. In accordance with the Rules, any credit to an account is provisional until the credit has been finally settled by the Bank or other institution. If we do not receive final settlement for a Payment for any reason, we will charge back the amount of the Payment to the Account or any other of your accounts.

Disclosure of Account Information to Third Parties

We may disclose information to third parties about your Accounts, Payments, and Transfers you make:

1. As necessary to complete transactions;
2. In connection with the investigation of any claim you initiate;
3. To comply with government agency or court orders;
4. In accordance with your written permission; or
5. As otherwise permitted by the terms of our Privacy Notice.

Our Privacy Notice, which includes our information sharing practices, was provided to you when you opened your Account. You authorize us to obtain additional information from a Payee, Contact, financial institution, or other third party to resolve Payment or Transfer problems or to complete a Payment or Transfer.

Stopping, Modifying or Canceling Payments and Transfers

When Using the Transfer Service

You may modify or cancel future-dated scheduled or recurring Transfers prior to the Cutoff Time on the Business Day before the Scheduled Transfer Date through use of NetBanking Services or by contacting NetBanking Services Client Support Center at 877-448-6500. Immediate Transfers cannot be canceled after you send the Transfer Instructions to the Bank via NetBanking Services.

When Using the Bill Pay Service

You may modify or cancel any future-dated scheduled or recurring Bill Pay Payments prior to the Cutoff Time on the Business Day before the Scheduled Payment Date through use of NetBanking Services or by contacting NetBanking Services Client Support Center at 877-448-6500.

When Using the Zelle® services via the mobile applications

In general, you may not cancel a Zelle® Payment once it has been sent. Please refer to the CIBC Bank USA Zelle® Network Standard Terms within the Mobile Banking Agreement for more information regarding these limits. A copy of the most recent version of the Mobile Banking Agreement can be found within the Bank's mobile applications.

Processing Times

There is a time lag between the time you initiate a transaction through NetBanking Services and the time the Bank executes the transaction. The length of the time lag varies and depends on a number of factors, including the type of transaction, volume of requests, and the time they are received.

The Cutoff Times and other specific times referred to in this Agreement reflect the times displayed on our internal system clocks and may not necessarily be synchronized with the internal clock displayed on your computer. For this reason, we suggest that you transmit any Instructions to us sufficiently in advance of the applicable Cutoff Time or other specified times to eliminate the possibility of missing the Cutoff Time. Instructions received after the Cutoff Time or on non-Business Days will be considered received on the next Business Day.

Transfer and Payment Processing

Transfers or Payments may not be made if there are not sufficient available funds in your deposit account or sufficient available credit on a line of credit account on the date the Bank begins to process the transaction. Partial Transfers or Payments will not be made. If the entire dollar amount of your Transfer or Payment request is not available on the date the Bank begins to process the transaction, no portion of the Transfer or Payment may be completed. You agree to have sufficient funds or available credit in your account to cover each Payment you schedule from the time the Payment will be debited from your account until it is completed or cancelled. The amount of each Transfer or Payment will be debited from your account at the time the Transfer or Payment is initiated, except for Zelle® service Payments where the recipient is not yet enrolled in Zelle. Please refer to the CIBC Bank USA Zelle® Network Standard Terms within the Mobile Banking Agreement for more information regarding these limits. A copy of the most recent version of the Mobile Banking Agreement can be found within the Bank's mobile applications. The amount of funds available will be determined in accordance with the applicable Account Agreement governing the Account. See Transfer Services section for information on availability of funds resulting from ACH debits.

Incomplete Transfers or Payments

We reserve the right to delay or refuse to complete a Transfer or Payment for any reason, including where there are not sufficient available funds or available credit in your account to cover the transaction or we, in good faith, believe the Transfer or Payment may be fraudulent, erroneous, illegal, in violation of this Agreement, or suspicious.

Returned Items and Overdrafts

We have no obligation to pay any Item unless you have sufficient funds available in your Account to pay the Item when it is presented. If there are insufficient funds in your Account to pay the Item (excluding card transactions), we may, at our discretion, pay the Item, resulting in an overdraft in your Account, or return the Item for non-sufficient funds.

If an Item is presented for payment and returned due to non-sufficient funds (NSF), it may be returned a second time if that same Item is presented for payment again and you do not have the available balance to cover the Item.

We encourage you to keep your Account in Good Standing. Detailed record keeping of your transactions will help you avoid initiating ATM or point of sale (POS) transactions, writing checks, or authorizing other debits to your Account without sufficient funds. If your Account is not maintained in Good Standing, we may close your Account.

Your Liability

In general, when you transmit Instructions to us to make a Payment or Transfer through NetBanking Services with your User ID and Password and applicable Security Information, you authorize us to credit or charge your account for the amount described in the Instructions.

Unauthorized Transactions – For Consumer Deposit Accounts Only

This section applies to consumer deposit accounts only. For credit accounts, refer to your applicable credit agreement for terms and conditions regarding your liability for unauthorized transactions or other errors or questions regarding those accounts. For business accounts, see the "Unauthorized Transactions - For Business Deposit Accounts Only" section below.

If you have reason to believe that your User ID, Password, Security Information, or any other items or information that may allow access to NetBanking Services have been lost, stolen, or otherwise compromised, or if you have reason to suspect that unauthorized access to your account has occurred or will occur through NetBanking Services, you must call us **immediately** at 877-448-6500.

If you tell us within two Business Days after you learn your User ID, Password, Security Information, or any other information or items that may allow access to NetBanking Services have been lost, stolen, or otherwise compromised, or that an unauthorized online transfer or payment has been made from any of your accounts, you can lose no more than \$50.00 if someone used your account without your permission. If you do not notify us, you could lose all the money in each of your accounts, as well as all of the available funds in any overdraft protection account or any credit line included among your accounts.

If you do not tell us within two (2) Business Days after you learn of the loss, theft, or compromise or unauthorized transfer or payment, and we can prove we could have stopped someone from making an unauthorized transfer or payment using your account if you had reported the loss, theft, or compromise or unauthorized transfer or payment, you could lose as much as \$500.00. Furthermore, if any deposit Account Statement shows online transfers or payments that you do not believe you made, tell us AT ONCE. If you do not tell us within sixty (60) days after the FIRST statement showing the unauthorized transfer or payment was mailed to you, we may not reimburse any money you lost after the sixty (60) days if we can prove that we could have stopped someone from taking the money if you had told us within the time frame.

Your obligations and liability in this “Unauthorized Transactions - For Consumer Deposit Accounts Only” section survive termination of this Agreement.

Please refer to the CIBC Bank USA Zelle® Network Standard Terms within the Mobile Banking Agreement for more information regarding your liability when using Zelle® Services. A copy of the most recent version of the Mobile Banking Agreement can be found within the Bank’s mobile applications.

Unauthorized Transactions – For Business Deposit Accounts Only

This section applies to business deposit accounts only. Liability for unauthorized transactions regarding credit accounts is governed by the terms of your applicable credit agreements. Please refer to those documents for liability information.

If you have reason to believe that your User ID, Password, Security Information, or any other items or information that may allow access to NetBanking Services have been lost, stolen, or otherwise compromised, or if you have reason to suspect that unauthorized access to your account has occurred or will occur through NetBanking Services, you must call us immediately at 877-448-6500.

You are responsible for all Transfers and Payments that are authorized using your User ID, Password, or Security Information. If you permit others to access NetBanking Services using your Password, User ID, or Security Information, you are responsible for any transactions they authorize. Account access through NetBanking Services is separate and distinct from your existing signature arrangements for your accounts. Therefore, when you give an individual the authority to access accounts through NetBanking Services, that individual may have access to

one or more accounts to which that individual would not otherwise have signature access. You assume the entire risk for the fraudulent, unauthorized, or otherwise improper use of your Password, User ID, or Security Information. We are entitled to rely on the genuineness and authority of all Instructions received by us when accompanied by your Password, User ID, or Security Information, and to act on those Instructions.

We will have no liability to you for any errors or losses you sustain in using NetBanking Services except where we fail to exercise ordinary care in processing a transaction. Our liability is limited to the amount of any funds improperly transferred from your account less any amount, which, even with the exercise of ordinary care, would have been lost.

Failure to report to us any unauthorized Transfer, Payment, or error on your account within sixty (60) days of our providing or making available to you the FIRST bank statement showing such unauthorized transaction or error relieves us of any liability for any losses sustained after the sixty day period. You are precluded from asserting any claim or error against us after that time period.

Your obligations and liability as provided in this “Unauthorized Transactions - For Business Deposit Accounts Only,” survive termination of this Agreement.

Errors or Questions – For Consumer Deposit Accounts Only

This section applies to consumer deposit accounts only. For credit accounts, refer to your applicable credit agreement for terms and conditions regarding your liability for unauthorized transactions or other errors or questions regarding those accounts. For business accounts, see the “Errors or Questions - For Business Deposit Accounts Only” section below.

If you think an electronic transaction shown on your statement or transaction record is in error, please notify us at once by contacting our Client Support Center at 877-448-6500, and providing us with your name, account number, dollar amount of the suspected error, and a description of the error or the transaction you are unsure about. Please be sure to explain, as clearly as you can, why you believe it is an error or why you need more information. We must hear from you no later than sixty (60) days after we sent you the first statement on which the problem or error appeared. If you tell us in person or by phone, we may require you to provide a written complaint to us, which must be delivered to us within ten (10) Business Days of your original notification to the Bank.

We will tell you the results of our investigation within ten (10) Business Days after we hear from you, and will correct any error promptly. If we need more time, we may take up to forty-five (45) days to investigate your complaint or question. If we decide to do this, we will provisionally credit your account within ten (10) Business Days for the amount you think is in error, so that you will have the use of the money during the time it takes us to complete our investigation. This is referred to as a “provisional credit.” If we ask you to put your complaint or question in writing, and we do not receive your written complaint within ten (10) Business Days, we may not provisionally credit your account that was the subject of your complaint. For new accounts, the Bank’s investigative period may be as long as twenty (20) Business Days during the first thirty (30) days the account has been opened.

We will tell you the results within three (3) Business Days after completing our investigation. If we determine that there was no error, we will send you a written explanation within three (3) Business Days after we finish our investigation and we will debit your account for any

amount that we provisionally credited. You may ask for copies of the documents that we used in our investigation.
